

WPC After School with WESTFORD RECREATION

Session 2: ENRICHMENT & FUN!

Of the many roles you play, we know that raising a happy, healthy child is at the top of your list. Our role is to support you and your children with safe After School programming that is **engaging, inspiring, and always fun!**

Our NEW enrichment activities do just that.
Already registered? Add it today – it's that simple!

Crisafulli:
Monday
Block 1
Day:
Monday
Block 1

In partnership with CodeEX:

LEGO Robotics with WeDo 2.0 **Build, Code, Explore!**

Bring science, engineering, and storytelling to life! Each week, construct exciting, motorized models and program them using simple drag-and-drop coding. **IMAGINE:** Creating a walking robot that mimics animal motion or a space rover that navigates obstacles!

Abbot:
Thursdays
Block 1
Miller:
Wednesdays
Block 1
Nabnasset:
Thursday
Block 1

In partnership with CodeEX-ExSciton:

Young Scientists: Hands-On Science **Adventures & Experiment-Based Learning**

Spark curiosity and creativity. Get ready to mix, bubble, and explore core science concepts with age-appropriate experiments. **IMAGINE:** discovering how plants drink water with a rainbow celery experiment or creating simple circuits with batteries and bulbs.

Abbot: Spanish
Wednesday
Block 1
Miller: Spanish
Thursdays
Block 2
Nabnasset: French
Wednesday
Block 1

In partnership with Funworld Language Academy: **Spanish or French – adventures at home and around the world**

Enjoy songs, crafts, games, cultural topics and celebration. Funworld Language Academy maximizes language exposure, while reinforcing everyday vocabulary, with an incredibly entertaining curriculum. **SCIENCE SAYS:** learning a second language is a real brain booster!

call. visit. explore!
